

ENVIRONMENTAL PROTECTION AND WASTE MANAGEMENT POLICY

Our company is committed to environmental sustainability and prevention of pollution. Reducing environmental impacts and protecting nature are our main priorities. To achieve these goals, we offer the following commitments:

LEGAL COMPLIANCE:

Our business fully complies with all environmental regulations and provides every effort and resource required to comply with these regulations.

WASTE MANAGEMENT:

We work continuously to effectively separate our waste according to its source and process it in accordance with its hazard classes. We constantly strive to minimise waste and create recycling opportunities.

USE OF CHEMICAL AND HAZARDOUS SUBSTANCES:

Hazardous materials and chemicals are used only when needed and in the amount necessary. This approach aims to minimize the amount of waste and negative impact on the environment.

ENVIRONMENTALLY FRIENDLY PRODUCTS:

Our business prefers products with "recycling" and "environmentally friendly" labels in material supply and aims to contribute to the protection of nature. We also constantly strive to create reuse opportunities.

REDUCING SINGLE USE MATERIALS:

We use disposable materials such as paper, napkins, toilet paper and packaging only as much as necessary, thus focusing on leaving less waste in nature.

WASTE MANAGEMENT AND STORAGE:

We separate wastes according to their types and characteristics and deliver them to licensed or authorized companies. We regularly keep waste records without exceeding legal storage periods.

ECONOMICAL USE OF RESOURCES:

Our business aims to use water, energy and other natural resources economically. We share this responsibility with our employees, guests and suppliers.

PERFORMANCE MONITORING AND IMPROVEMENT:

We continually monitor, measure and compare our environmental management performance against targets. We conduct regular evaluations to continually improve our performance.

EDUCATION AND AWARENESS:

We educate our employees about the environment and aim to increase their awareness. We encourage and raise awareness of environmentally friendly practices.

This policy reflects our company's environmental commitments and encourages every employee to contribute to these goals. Environmental protection and waste management are fundamental business principles of our company and are open to continuous improvement.
